

HFI Truck Center is closely monitoring the situation regarding COVID-19 and will take all necessary actions as needed to protect our employees, customers and community. As this situation is constantly evolving our precautions may adjust too. Currently our operating hours for all departments will now be 8:00 am to 4:30 pm. We will continue to take necessary precautions to provide a safe and healthy environment in accordance with guidelines from the CDC.

In addition, HFI Truck Center has made some changes to ensure compliance with the recommended 6 ft social distancing. While we are still open and operating, we are doing our best to limit human contact as much as possible.

Truck Sales

All truck sales inquiries will occur over the phone and via email. At this time road tests and seeing trucks in person is temporarily unavailable.
